

# CCA CLASS PROJECTS

With the help of the homeroom parent and classroom teacher, each class creates a unique, handcrafted project that will be highlighted in the final night of the auction. Examples include books, ceramic pieces, games, home décor, fingerprint artwork, furniture, and quilts.

## STUDENT PARTICIPATION

Every student is involved in an element of the project design.

## PRICELESS VALUE

One-of-a kind item that will become a treasured heirloom as your child grows.

## LIMITED-TIME BIDDING
